

Monday evening the St. Helena Co-operative Club, which has attained a high standing among the young women of Louisville, held a really delightful social meeting in the auditorium of Presentation Academy. The meeting was open and was addressed by the Rev. Father Constantine Schaaf, O. F. M. A short sketch was acted by members of the dramatic circle of the club and musical numbers were a feature,

WILSON UNPOPULAR.

There is no denying the fact that President Wilson has lost his popularity with the people of this country, and it would not be surprising to see the Democratic national convention give him and his policies the cold shoulder at San Francisco this summer.

APPROVED.

The masses of the people approve the work of Col. P. H. Callahan and the Kentucky Fair Price Commission. Attorney General Palmer places the blame for the friction and disruption of the Kentucky body upon local retail merchants who had been indicted and were trying to escape the law. The Kentucky Commission was doing effective work and had public approval. It is to be hoped Col. Callahan and his associates may withdraw their resignations.

BEAUTIFUL DEVOTION.

Catholics have many beautiful devotions, one of the most impressive being the Way of the Cross. In spirit we traverse every footstep of our Blessed Redeemer, when He was on earth and suffered and died for us. It makes us feel keenly how unworthy we are of his love, and how grateful we should be to Him for opening the gates of heaven for us.

AVOID NEW DEBTS.

If we are to agree with the historians, prudence urges men at the present moment to avoid contracting new debts. Wars, say the chroniclers, have been followed by periods of exaggerated prosperity ending in a financial crisis and trade depression. The period of exaggerated prosperity has varied from one to three years; if this past is a guide, we may look for the end of the expansionist period some day. Various retailers report that the level of high prices now reached has begun seriously to affect buying; retrenchment should be the order of the day.

UNCLE SAM THE GOAT.

Without going into the merits or demerits of government ownership of railroads, many know that under government control every means was resorted to stick Uncle Sam and unnecessary expenses and losses were piled up so as to discourage the public from ever wanting a trial at government ownership again. Employees were not urged to fulfill their duties, empty cars were carried back and forth across the country when return hauls could have been made, needless salaries were paid, and in short every method was resorted to show frightful losses under government ownership.

DANGER IN DELAY.

Urging that Federal operation of the railroads be continued for at least two years, B. M. Jewel, acting President of the railway employees' department of the American Federation of Labor, in a letter to members of Congress, expressed the opinion that return of the roads to private ownership now would lead inevitably to their bankruptcy, which might easily result in a national panic and bring "world-wide bankruptcy." We do not see that Government operation is helping any to avoid bankruptcy. The longer it continues the more difficult it will be for the railroad companies to recover from the shock.

LEFT TO FATE.

Central Europe fears the tide of Bolshevism from Russia and is maintaining large armies for self protection. Refusal of the allies to defend Poland from a Bolshevik invasion has given new strength to the red peril. Czechoslovakia, Roumania and Hungary are threatened with invasion, and the allies, which set up these small nations as a buffer against Russia, now leave them to their fate. We have been told that the League of Nations would preserve the peace of the world. The league is in being—but the old order still prevails. No wonder that most Americans have lost confidence in the league.

SPIRITUAL INVENTORY.

Your wise business man would as soon think of doing anything foolish—even drinking wood alcohol—as dispensing with the periodical inventory which, to employ the vernacular, "let him know just where he stands." The business of life, in which all of us, whether we will or

no, must engage, also has its inventory period. It is the season of Lent. During this time the church counsels us to stop and take stock of the things which make for our eternal salvation—she advises us to balance our spiritual ledger. Lent this year comes at a time when the world is clamoring for some relief from the ills that convulse it. There are any number of quacks—self-appointed apostles of every "ism" and "ology"—extant, ready to administer their useless and foolish concoctions. But there is only one remedy, and that Christianity has. It is the knowledge of "Christ and Him Crucified." Catholics will do as well to observe all the laws which the church has prescribed for the Lenten season. Perhaps the Lord, seeing the rebirth of the Christian spirit among his people which a faithful observance of Lent is sure to bring, will banish the plagues of unrest and dissatisfaction that are now troubling the world.

FEDERAL AID TO SOLDIERS.

In almost every community in the United States there is a discharged soldier, sailor, marine or war nurse, suffering from some injury or ailment which dates back to service with the fighting forces. Often this injury or ailment has made it hard or impossible for them to fit in where they did formerly. They are handicapped and need help; not charity, but mental and physical reconstruction. In many cases such people unfortunately keep their troubles to themselves. They are reluctant to seek aid or advice, for fear their friends might consider them weak. Possibly you know such a person. If you do, encourage him to take his troubles to the Government. The War Risk Insurance Bureau and the United States Public Health Service are especially anxious to get in touch with such individuals. The Public Health Service has set up a chain of reconstruction bases throughout the country for beneficiaries of the War Risk Bureau. These are not army hospitals, nor is there army discipline in connection with them, but rather a system of hospitals similar to the general hospital in large cities except that the treatment is free and goes much further than in the ordinary hospital. Recreation, vocational training and wholesome entertainment are combined with treatment. While men are being bodily rebuilt, but to better their condition. The environment is as homelike as it is possible to make it. A great many men who went into the army have developed tuberculosis and other diseases requiring special treatment. The Public Health Service has separate hospitals and sanatoriums for these patients, where they may get the best treatment known to medical science. A large number of soldiers are not yet aware that the Government offers them free treatment. Please tell them.

Now that woman has her "rights," she must not forget that she also has her "duties." FORTY HOURS. The Forty Hours' devotions are designated for the coming week at St. Paul's church, Jackson street, and will begin high mass and exposition tomorrow morning, concluding on Tuesday, Rev. Eugene Donohoe, the pastor, will direct the impressive services and will be assisted by priests from other churches. Many will doubtless make this the occasion for compliance with their Easter duty.

GIVEN WOMAN STOCK.

Fifty shares of the proffered capital stock, Class 1, B. F. Avery & Sons, were bequeathed to Miss Sue G. Connaughton by Judge A. E. Richards by his will, dated October 16, 1919, and probated in County Court on Wednesday. Miss Connaughton was associated with Judge Richards in his law office for many years, and in making the bequest he said it was with her valuable assistance that he had accumulated his estate.

FATALLY STRICKEN.

Mrs. Mollie Hession, wife of Patrolman John J. Hession, was stricken with heart trouble on the steps of Holy Cross church Wednesday night while on her way to worship. She was taken to her home at 803 South Thirty-second street, where she died a few minutes later. She was fifty years old. Her son, Robert E. Hession, a lawyer, was called from church when she was taken home. She was dying when he reached her bedside. She is survived by her husband and son. Funeral services will be held this morning at Holy Cross church.

HEART STROKE FATAL.

While walking on Washington street, near Cahel, on her way to the Lenten services at St. Joseph's church, Mrs. Theresa Quino, aged fifty-four, beloved wife of Edward Quino, 817 Franklin street, suffered an attack of heart failure and passed away as she was being carried into a nearby residence. She is survived by her husband and eight children, for whom many feel the deepest sympathy. The funeral took place Wednesday morning with requiem high mass at St. Joseph's.

That corns and bodily ease are in-

That of the two bodily ease is

the most to be desired, likewise

needs no proving. Therefore, eliminate the

corn. That you can do it by using

needs only a single trial to demon-

strate the fact in the Vatican circles

regarding the identity of the next

American Cardinal. Those who

know state two will be named. That

the Vatican regards favorably such

ecclesiastical prelates as Archbishop

Mundelein of Chicago, and Archbishop

Doherty of Philadelphia, is well un-

derstood. There is another con-

sistency in March which Cardinal

O'Connell, of Boston, will attend, as

well as several American Bishops.

While apparently Archbishop Mun-

delein and Doherty are favorites,

the impression gained in talking

with persons familiar with the in-

tricacies of ecclesiastical politics is

that the Holy See would be happy

to bestow favors on Archbishop

Glennon, of St. Louis, and Arch-

bishop Hanna, of San Francisco—

two names frequently heard, Bishop

Schrems of Toledo, and Arch-

bishop Hayes of New York, are

others. Archbishop Hayes was not

reckoned with by forecasters, how-

ever, as in the eyes of the church he

is too young to receive the dignity

of a Cardinal. His rapid rise in

recent years also will doubtless re-

act against his accession at this

time. That he will eventually be

made a Cardinal is not denied. Gen-

erally discussions begin and end

with the name of Archbishop Mun-

delein.

DIocese Mourns.

The diocese of Louisville and

Kentucky mourns the unexpected

death of the Rev. Father Edward J.

Lynch, the zealous and beloved pas-

tor of Holy Name church, Hender-

son, who passed away Wednesday

night after a five days' illness of

influenza and pneumonia. When

the end came he was surrounded

by six priests and members of his

household. Father Lynch was born

in Ireland, coming to America when

a young man. After his arrival in

Kentucky he entered St. Thomas

Seminary at Bardstown, and after

his ordination was Secretary to the

Bishop of Louisville and spent a

number of years at the Cathedral

here. Nineteen years ago Father

Lynch was appointed pastor at Hen-

derson, where he has done wonder-

ful work, the parochial school

standing as a monument to his

memory. He was a loyal and pa-

triotic priest and was foremost in

every movement that would ad-

vance the cause of God and country.

Father Lynch is survived by two

brothers, who reside in Louisville.

Beloved by rich and poor, the

news cast a pall of gloom over the

entire diocese. The funeral was

held yesterday morning, attended

by Bishop O'Donoghue and a great

number of the clergy. By his death

the Kentucky Irish American loses

one of its best and most staunch

supporters. His passing is a loss

to both Church and State.

RECENT DEATHS.

MASTER MOVIE PICTURE.

Tomorrow afternoon and evening and Monday and Tuesday nights the people of Louisville will have another opportunity to see another of the master productions of the Catholic Art Association, "The Transgressor," a nine-reel movie picture that compares favorably with any of our so-called thrillers. It will be shown at St. William's Hall, Thirtieth and Oak, the admission being thirty-five cents at night and fifteen at matinee. "The Transgressor" is a picture very similar to many pictures shown in our theaters, but is treated of in a Catholic way. The plot is based on the relations between capital and labor, a subject in itself highly interesting because of the times in which we are living.
